

Economic Feasibility & Accreditation

Engineered for zero-cost operation at scale, complete compliance with national educational accreditation standards, and a quantifiable ROI.

ECONOMIC VIABILITY

Zero-Cost Scaling

Unlike platforms that burn thousands of dollars on monthly LLM tokens or proprietary verification APIs, ProofBridge relies on deterministic code execution and faculty scoring.

- ✓ Zero OpenAI / Proprietary API dependencies
- ✓ Self-hosted PostgreSQL & Next.js runtime
- ✓ Zero vendor lock-in with open W3C standards

Marginal Cost Per Student Verification: = ₹0.00

INSTITUTIONAL ALIGNMENT

Accreditation Standards

ProofBridge directly provides the verifiable data required for university accreditation frameworks in India and international standards.

- ✓ NAAC Criterion 2 & 5: Student progression & placement
- ✓ NBA OBE: Attainment of Program Outcomes (POs & PSOs)
- ✓ NEP 2020: Modular, micro-credential skill pathway

Automated Export for NAAC/NBA Audits
